HEALTH, MEDICAL & FAMILY WELFARE (K2) DEPARTMENT

G.O.Ms.No.180

dated 26-08-2009
Read the following:-

1. From the Director, M N J institute of Oncology and Regional Cancer Center, Hyderabad, letter No.Peshi/MNJIO & RCC/2009/30, dated 20-4-2009, dt.16-6-2009
2. From the Chairman, High power Committee, Hyderabad, Lr.Rc.No.91/HPC/2009, dt.6-6-2009

ORDER

1. In the letter 1st read above, the Director, M N J Institute of Oncology & Regional Cancer Center, Hyderabad has reported that the Department of Radiology and Imaging in MNJ institute of Oncology and Regional Cancer Center, Hyderabad is well equipped with investigative facilities like Multi Slice (64) C.T.Scan, Ultrasound machine, Mammography, Color Doppler, 500 AA, 800 MA X-Ray machines and Radiotherapy equipment and state of art dual Head Gamma Camera in the institute. The workload in the department is very high and increasing day by day. The department of Radiology and Imaging caters to the need for investigations like C.T. Scan, Mammography etc. for the patients of not only the institute, but the patients referred from other teaching hospitals like Gandhi Hospital, Osmania Hospital, Niloufer Hospital, Chest Hospital and Sarojini Devi Eye Hospital etc. Since the department of Radiology has all the necessary modern imaging facilities with heavy workload there is a great need to start training course in Diploma in Medical Imaging Technology (DMIT) of 2 years duration and Certificate of Radiological Asst. (CRA) of 1 year duration. The M N J Institute of Oncology & Regional Cancer Center is a state level referral hospital, and cancer patients are coming from all over the districts of the state. The institution is having one Professor and one Assistant Professor in Pathology Dept. The pathology Dept. of the institute is having Histopathology and Cytopathology. Hematology unit with a Blood Bank was started in the year 2006 and functioning now with a Blood Bank Officer. The Department of Pathology is well equipped with investigative facilities with Blood grouping and Rh. Typing, supply of whole blood, collection of blood from donors, screening of donated blood. They are also planning to expand blood bank to provide blood components to the patients. They are also having well equipped Biochemistry lab where they will do Liver Function Test. Renal Function Test, Blood Sugar test to the patients and serum electrolytes, HIV & HBS AG tests. The institute has postgraduate training programme in courses like

PTO

M.D. Radiation Oncology, Super specialty M.Ch in Surgical Oncology. The institute is offering a two year Diploma course in Radiotherapy Technology (DRT).

2. The Director, M N J Institute of Oncology & Regional Cancer Center, Hyderabad has also reported that the Department of Radiology and imaging has teaching faculty like Professor, Asst. Professor, Physicists and Postgraduate students to impart training to Radiology and Imaging Technology students. The Director, MNJ Institute of Oncology & Regional Cancer Center, Hyderabad has also reported that the Department also has Immunohistochemistry lab performing various Immunohistochemistry Tests. Since the departments of pathology. Biochemistry, Immunohistochemistry and Blood Bank have all the necessary equipment, facilities and teaching faculty with heavy work load, there is a great need to start Training Course in Diploma in Medical Laboratory Technology (DMLT) of 2 years duration. Hence the Director, M N J Institute of Oncology & Regional Cancer Center, Hyderabad has requested the Govt. to permit him to start the two years Diploma Course in Medical Imaging Technology (DMIT) with an annual intake of 15 students per annum and one year Certificate course in Radiological Assistant (CRA) course with an annual intake of 10 students and two year Diploma course in Medical Laboratory Technology (DMLT) with an annual intake of 15 students per annum.

3. The Chairman, High Power Committee in the letter 2nd read above has reported that the MNJ Institute of Oncology and Regional Cancer Center, Hyderabad is an autonomous body under the control of State of Andhra Pradesh, having ample and adequate infrastructure to teach to the courses to the students and that the accommodation available is more than sufficient, taking into consideration what is needed for the said courses. That the institution itself require services of qualified DMIT, DMLT and CRA students to work in their hospital. Taking into consideration that MNJ Institute of Oncology & Regional Cancer Center, Hyderabad is an autonomous body under the control of State of Andhra Pradesh, he has recommended that the institute be permitted to start the courses with immediate effect in spite of G.O.Ms.No.602, HM&FW (K2) Department dt.20-12-2005.

4. Government after careful examination of the matter have decided to accept the proposal of the Director, MNJ Institute of Oncology & Regional Cancer Center, Hyderabad as recommended by the Chairman, High Power Committee and accordingly hereby accord permission to the Director, MNJ Institute of Oncology & Regional Cancer Center, Hyderabad for starting of two year Diploma course in Medical Imaging Technology (DMIT) with an annual intake of 15 students per annum, one year Certificate Course in Radiological Assistant (CRA) course with an annual intake of 10 students and two year Diploma course in Medical Laboratory Technology (DMLT) with an annual intake of 15 students per annum in partial relaxation of G.O.Ms.No.602, HM&FW (K2) Dept., dt.20-12-2005.

::3::

4. The Secretary, A.P. Para Medical Board, A.P., Hyderabad and the Director, MNJ Institute of Oncology & Regional Cancer Center, Hyderabad shall take further necessary action in the matter accordingly.
